# ii. Executive Summary

[24 CFR Part 903.7 9 (r)]

At PHA option, provide a brief overview of the information in the Annual Plan

This Section is left blank since it is optional.

# 1. Summary of Policy or Program Changes for the Upcoming Year

In this section, briefly describe changes in policies or programs discussed in last year's PHA Plan that are not covered in other sections of this Update.

We have made the following changes to our policies and/or programs based on changes in statutes and/or HUD regulations that have occurred in the past year. HUD mandated all of these.

The Housing Authority has suspended enforcement of the 8-hour community service requirement. The Housing Authority will not enforce this provision of our Admissions and Continued Occupancy Policy so long as Congress provides for the option to not enforce it. In taking this action, we still want to encourage our public housing residents to both participate in their community and enhance their self sufficiency skills in a truly voluntary manner.

All affected residents have been notified of the suspension of the requirements.

We have updated our Admissions and Continued Occupancy Policy to be in compliance with current HUD requirements.

We have also made the following discretionary changes for the upcoming year.

- We have adopted revised Grievance Procedures.
- We have adopted and/or updated several of our management policies including a Pest Control Policy, Ethics Policy, and an Equal Housing **Opportunity Policy**

2. Capital Improvement Needs
[24 CFR Part 903.7 9 (g)]
Exemptions: Section 8 only PHAs are not required to complete this component.
A. Yes No: Is the PHA eligible to participate in the CFP in the fiscal year covered by this PHA Plan?
B. What is the amount of the PHA's estimated or actual (if known) Capital Fund Program grant for the upcoming year? \$390,871

the upcoming year? If yes, complete the rest of Component 7. If no, skip to next component.

A.	Resident Advisory Board (RAB) Recommendations and PHA Response
1.	Yes No: Did the PHA receive any comments on the PHA Plan from the Resident Advisory Board/s?
2.	If yes, the comments are Attached at Attachment (File name)
3.	In what manner did the PHA address those comments? (select all that apply)  The PHA changed portions of the PHA Plan in response to comments  A list of these changes is included  Yes No: below or  Yes No: at the end of the RAB Comments in
	Attachment  Considered comments, but determined that no changes to the PHA Plan were necessary. An explanation of the PHA's consideration is included at the end of the RAB Comments in Attachment
	Other: (list below)
В.	Statement of Consistency with the Consolidated Plan
For	each applicable Consolidated Plan, make the following statement (copy questions as many times as essary).
1.	Consolidated Plan jurisdiction: State of Georgia
	The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply)
	The PHA has based its statement of needs of families in the jurisdiction of the needs expressed in the Consolidated Plan/s.
	The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the
	Consolidated Plan.  The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
	Activities to be undertaken by the PHA in the coming year are consistent with specific initiatives contained in the Consolidated Plan. (list such initiatives below)
	• The Housing Authority of the City of Summerville will continue to provide a drug free workplace.

- The Housing Authority of the City of Summerville will continue to maintain its public housing units in a decent, safe and sanitary condition.
- The Housing Authority of the City of Summerville will continue to renovate its public housing units utilizing Capital Fund Program funds provided by HUD.
- The Housing Authority of the City of Summerville will continue to meet the special needs of families with disabilities by providing reasonable accommodation and accessible housing in the public housing program.
- The Housing Authority of the City of Summerville will continue to market its
  public housing program to make families and elderly persons aware of the
  availability of decent, safe, sanitary and affordable housing in the City of
  Summerville

Other: (list below)

- The Housing Authority of the City of Summerville Admission and Continued Occupancy Policy (ACOP) requirements are established and designed to:
  - 1. Provide improved living conditions for very low and low-income families while maintaining their rent payments at an affordable level.
  - 2. To operate a socially and financially sound public housing agency that provides violence and drug-free, decent, safe and sanitary housing with a suitable living environment for residents and their families.
  - 3. To lawfully deny the admission of applicants, or the continued occupancy of residents, whose habits and practices reasonably may be expected to adversely affect the health, safety, comfort or welfare of other residents or the physical environment of the neighborhood, or create a danger to our employees.
  - 4. To attempt to house a tenant body that is composed of families that is representative of the range of incomes of low-income families in our jurisdiction.
  - 5. To facilitate the judicious management of our inventory and efficient management of our staff.
  - 6. To ensure compliance with Title VI of the Civil Rights Act of 1964 and all other applicable Federal fair housing laws and regulations so that the admissions and continued occupancy are conducted without regard to race, color, religion, creed, sex, national origin, handicap or

## familial status.

Our agency is part of the entire effort undertaken by the City of Summerville to address our jurisdiction's affordable housing needs. While we cannot ourselves meet the entire need identified in the Consolidated Plan, in accordance with our goals and objectives, we will try to address some of the identified need by using appropriate resources to maintain and preserve our existing stock. When appropriate and feasible, we will apply for additional grants and loans from federal, state and local sources, including private sources to enhance the affordable housing available in our community. We intend to continue working with our local partners to try and meet these identified needs.

This year we expect to continue to utilize the funds we receive for our existing programs. We will continue to use those resources to house people. We do not intend to apply for additional units because we believe we have sufficient housing resources for the applicants on our waiting lists for the public housing program. Instead we will be focusing on management improvements and modernization of our public housing properties. Priorities and guidelines for programs often change from year to year and our decisions to pursue certain opportunities and resources may change over the coming year if there are program changes beyond our control.

3. PHA Requ	ests for support from the Consolidated Plan Agency
🗌 Yes 🔀 N	o: Does the PHA request financial or other support from the State or local
	government agency in order to meet the needs of its public housing
	residents or inventory? If yes, please list the 5 most important requests
	below:

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The following information is taken from the State of Georgia Consolidated Plan Executive Summary and Annual Action Plan.

# **Executive Summary**

<u>The Consolidated Plan Executive Summary</u> reports that the housing and community development needs of Georgians are:

- Regardless of tenure, income or household size, the most common problem affecting all households is cost burden. One in every four households pay at least 30% of their income for housing. Approximately 39% of these cost burdened households and 10% of all households are severely cost burdened, devoting at least 50% of their income on housing costs.
- □ 41% of all renters, compared to 22% of all homeowners, have at least one housing

problem.

- □ 40% of all Georgia households are of low or moderate income. Housing problems affect 75% of all extremely low-income households.
- 64% of all elderly households are of low or moderate income, with the largest concentration in the extremely low-income range. 30% of all small family households are of low or moderate income. Cost burden is the most significant problem affecting both elderly and small family households. 42% of all large family households are of low or moderate income. Overcrowding is the most significant concern of this household type.
- ☐ Insufficient income is the single largest barrier to affordable housing.
- □ Estimates based on the age of housing indicate that 1.1 million housing units in Georgia may contain lead-based paint. Some 127,000 low and moderate income households are at high-risk of exposure to lead-based paint hazards such as chipping or peeling paint and dust.

# The Housing and Community Development Strategic Plan

Over five years the State anticipates providing assistance to put over 55,000 extremely low, low and moderate income households in affordable housing free of overcrowded, structurally substandard conditions, with supportive services where appropriate for populations with special need.

The Consolidated Plan divides the State's priorities into two categories based on function:

- (1) priorities to directly benefit low and moderate income households and
- (2) priorities to improve the production capacity of Georgia's affordable housing providers.

# **Direct Benefit Priorities:**

- □ to increase the number of Georgia's low and moderate income households who have obtained affordable, rental housing free of overcrowded and structurally substandard conditions.
- □ To increase the number of Georgia's low and moderate-income households who have achieved and are maintaining home ownership free of overcrowded and structurally substandard conditions.

## Strategic Plan Five-Year Objectives

☐ The Strategic Plan estimates, based on resources expected to be available over a five year period, that the State will provide the following benefits for low and moderate

income Georgians:

- □ Rehabilitate or construct 5.505 affordable rental units
- □ Provide rental assistance for 44,700 households
- □ Assist 6,750 households to achieve or maintain home ownership in housing free of overcrowded and structurally substandard conditions.
- □ Assist an average of 190 organizations annually to provide housing and supportive services to the homeless.
- □ Assist an average of 39 organizations annually to provide housing and supportive services to Georgia's Special Need populations.

# **Public Housing Authorities**

The Consolidated Plan Executive Summary provides the following comments relating to Public Housing Authorities in Georgia.

Public Housing Authorities implement a large portion of Georgia's housing assistance effort. Local governments have created 202 PHAs, providing public housing. Seventeen PHAs offer Section 8 rental subsidies. PHAs utilize funds from public housing rent receipts, federal subsidies from HUD, and proceeds from bond issues for some development costs.

Over 108,000 residents live in the 55,834 units of local public housing available across Georgia.

No public housing authorities are operated by the State. Therefore, the State has not developed a plan to encourage public housing residents to become more involved in the public housing management or to become owners of their units. However, the State encourages individual PHAs to develop such a plan with residents. The State also continues to encourage within its programs the transition of public housing residents into private housing living situations.

## **Action Plan**

The following activities are extracted from the State of Georgia Annual Action Plan

## Part VI. Action Plan

Activities planned to meet the State's housing priorities and objectives include:

□ Rehabilitate or construct affordable rental housing for 1,003 low or moderate income households.

- □ Assist 1,498 low or moderate- income households achieve or maintain home ownership.
- □ Provide 1,000 low or moderate -income households with rental assistance.
- □ Make 290 funding awards to organizations that provide housing and supportive services necessary for the homeless to break the cycle of homelessness.
- Make 357 funding awards to organizations that provide the housing and supportive services necessary for special need households to achieve decent, safe and sanitary living conditions.

Among the Federal resources available to Georgia (Part VI, Section C) include Section 8 Rental Certificates and Vouchers to address affordable housing needs; HOPE I (Public Housing Home ownership) to address home ownership needs; and for Public Housing, the Comprehensive Grant Program and Public Housing Development funds.

# <u>Part VI, Section I. Georgia's Activities to met the State's Housing Priorities and Objectives</u>

This section outlines activities by priority and objective. While the activities, priorities and objectives do not directly relate to the public housing program, the activities do include the Section 8 program. Again while none of the activities tap public housing funds, the activities do parallel the goals and objectives of the Housing Authority of the City of Summerville. The Priorities and Objectives are listed as follows:

## Priority:

to increase the number of Georgia's low and moderate income households who have obtained affordable, rental housing which is free of overcrowded and structurally substandard conditions.

- Objective #1: Rehabilitate or construct affordable, rental housing units for 280 extremely low, 431 low, and 290 moderate income households.
- Objective #2: Provide 4,950 extremely low, and 1,100 low income households with rental assistance.

(This objectives refers specifically to the Section 8 Rental Assistance Program which is administered by the Georgia Department of Community Affairs.)

## Priority:

To increase the number of Georgia's low and moderate income households who have achieved and are maintaining homeownership in housing free of overcrowded and structurally substandard conditions.

Objective #3: Assist 30 extremely low, 345 low, and 1,124 moderate income households to achieve or maintain home ownership in housing free

of overcrowded and structurally substandard conditions.

<u>Priority:</u> To increase the access of Georgia's homeless to a continuum of housing

and supportive services which address their housing, economic, health and

social needs:

Objective #4: Make 290 funding awards to provide shelter/bed nights,

transitional housing units, and supportive services necessary for the

homeless to break the cycle of homelessness.

Priority: To increase the access of Georgia's Special Need populations to a

continuum of housing and supportive services which address their

housing, economic health and social needs.

Objective #5: Make 358 funding awards to organizations or households that assist 1,000 Special Need households with the housing and supportive

services necessary to achieve decent, safe and sanitary living conditions.

(This objective includes as an activity the implementation of Georgia's Section 8 Rental Assistance Program and it refers specifically to the

Georgia Department of Community Affairs continuing to administer the

program in Georgia's 149 counties.)

# C. Criteria for Substantial Deviation and Significant Amendments

### 1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

## A. Substantial Deviation from the 5-year Plan:

A substantial deviation from the 5-year Plan occurs when the Board of Commissioners decides that it wants to change the mission statement, goals or objectives of the 5-year plan.

# **B.** Significant Amendment or Modification to the Annual Plan:

Significant amendments or modifications to the Annual Plan are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the plans of the agency and which require formal approval of the Board of Commissioners.

# **Annual Plan**

# Fiscal Year Beginning 01/2003

# **Component 3, (6) Deconcentration and Income Mixing**

a. Yes No:	Does the PHA have any general occupancy (family) public housing developments covered by the deconcentration rule? If no, this section is complete. If yes, continue to the next question.
b. Xes No:	Do any of these covered developments have average incomes above or below 85% to 115% of the average incomes of all such developments? If no, this section is complete.

If yes, list these developments as follows:

	Deconcentration Policy for Covered Developments								
Development Name:	Numbe r of Units	Explanation (if any) [see step 4 at §903.2(c)(1)((iv)]	Deconcentration policy (if no explanation) [see step 5 at §903.2(c)(1)(v)]						
GA153-4	18 units	See Below	See Below						

Project GA153-4 is an 18 unit development. One unit has been removed from the rent roll for social services use. There is one vacancy at the time of this analysis. Of the remaining seventeen (17) units, 8 are occupied by working families and nine (9) families are receiving Social Security benefits. There is little turnover and the income of one of the families is extremely high. This is a small, scattered site development that already promotes income deconcentration.

It should be noted that all public housing developments owned and operated by the Housing Authority of the City of Summerville are scattered-site developments.

On August 6, 2002 HUD published in the Federal Register a Final Rule amending the deconcentration rule. On August 15, 2001, HUD published a proposed rule that modified

the current policy to exclude all family sites that had an average income of 30% or less of the area median income. The August 6, 2002 publication makes the proposed rule final. In accordance with the Final Rule, Project GA153-4 exceeds 30% of the Area Median Income. All other developments are less that 30% of Area Median Income and are exempt from the deconcentration and income mixing requirements.

The following Deconcentration Policy is an extract from our adopted Admissions and Continued Occupancy Policy.

## 10.4 DECONCENTRATION POLICY

It is the Summerville Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Summerville Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

## 10.5 Deconcentration Incentives

The Summerville Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

### 10.6 Offer of a Unit

When the Summerville Housing Authority discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the deconcentration goal and/or the income targeting goal.

The Summerville Housing Authority will contact the family first by telephone to make the unit offer. If the family cannot be reached by telephone, the family will be notified of a unit offer via first class mail. The family will be given five (5) business days from the date the letter was mailed to contact the Summerville Housing Authority regarding the offer.

The family will be offered the opportunity to view the unit. After the opportunity to view the unit, the family will have two (2) business days to accept or reject the unit. This verbal offer and the family's decision must be documented in the tenant file. If the family rejects the offer of the unit, the Summerville Housing Authority will send the family a letter documenting the offer and the rejection.

# 10.7 Rejection of Unit

If in making the offer to the family the Summerville Housing Authority skipped over other families on the waiting list in order to meet their deconcentration goal or offered the family any other deconcentration incentive and the family rejects the unit, the family will not lose their place on the waiting list and will not be otherwise penalized.

If the Summerville Housing Authority did not skip over other families on the waiting list to reach this family, did not offer any other deconcentration incentive, and the family rejects the unit without good cause, the family will forfeit their application's date and time. The family will keep their preferences, but the date and time of application will be changed to the date and time the unit was rejected.

If the family rejects with good cause any unit offered, they will not lose their place on the waiting list. Good cause includes reasons related to health, proximity to work, school, and childcare (for those working or going to school). The family will be offered the right to an informal review of the decision to alter their application status.
